# Pachelbel's Canon

Arranged by FRED MILLS  
Adapted for Band by CALVIN CUSTER

#### NOTE TO PERFORMERS:

Johann Pachelbel (1653-1761) was one of the leading German organists and composers of his time. He wrote music for organ, harpsichord, instrumental ensembles, and various vocal and choral compositions. He was especially renowned for his fugues, variations (chaconnes and passacaglias), and canons. The canon is the most strict form of imitative counterpoint, consisting of melodic variations over a repeated bass line (ground bass). Pachelbel originally wrote 186 melodies over this particular ground bass in the famous "Canon in D," each being two bars in length. This arrangement uses only a few of those 186 melodies. This canon is one of the most often heard of classical compositions. It has been used in movie scores, television commercials, has been recorded by every instrumental ensemble imaginable (including The Canadian Brass), and can be heard every day in grocery stores and dentist offices across North America. If Mrs. Pachelbel were only around to collect the royalties!

#### THE CANADIAN BRASS

Considered by many to be one of the world's greatest ensembles, the Canadian Brass have taken the medium of brass quintet from relative obscurity to worldwide acclaim. With their unique blend of virtuosity, spontaneity and wit, the Canadian Brass play to sold-out houses all over the world. Their dazzling performances, combined with eclectic programming, have enabled them to bring classical music to vast new audiences, while providing some of the best possible musical entertainment.

The commitment of the Canadian Brass to music education is truly extraordinary. In spite of over 100 concert performances each year plus demanding recording schedules, the ensemble frequently conducts workshops and master classes with students, encouraging excellence in ensemble playing. *The Canadian Brass Concert Band Works Series, The Canadian Brass Educational Series, The Canadian Brass Solo Performing Editions and The Canadian Brass Ensemble Series* represent some of their printed publications, many of which feature performances recorded by the quintet. Video tapes featuring their award-winning live performances and master classes are also available.

"We feel that in the educational process performance is as important as anything else. Music isn't a kid sitting in his room practicing. It's the communication with others that gives meaning to music. Performers come from little kids who come out and play 'Happy Birthday.' Everybody applauds for the kid, and he says, 'Hey, I like this!'"
