**GRAND CANYON****Nederlands:**

Op onze planeet Aarde bestaat eigenlijk geen imposanter natuurfenomeen dan de Grand Canyon. Deze biedt ongeëvenaarde blikken in diepe canyons en ravijnen, die door de immense waterkracht van de Coloradorivier in miljoenen jaren in de rotsen van het Coloradoplateau zijn geslepen. De verscheidenheid en diversiteit relativiseert elk begrip van het concept dimensie. Jaarlijks wordt de Grand Canyon in de Amerikaanse staat Arizona door meer dan vijf miljoen toeristen bezocht. De jonge Oostenrijkse componist Thomas Asanger heeft in dit stuk geprobeerd zijn eigen indrukken van dit betoverende en bijzondere natuurpark in al zijn glorie, welke hij opdeed tijdens een reis door Amerika in december 2009, in een boeiende compositie weer te geven.

**English:**

On our planet Earth there's hardly a nature phenom more impressive than the Grand Canyon. It offers a unique view into deep canyons and ravines, that have been cut by the immense force of the Colorado river, during millions of years pounding against the Colorado plateaus. Its diversity and variety puts the concept of dimension into a completely new perspective. Every year over five million tourists visit the Grand Canyon in the American state of Arizona. In this fascinating composition, young Austrian composer Thomas Asanger has tried to capture his impressions of this unique and exceptional nature phenom in all its glory, which he got when he travelled the United States in December 2009.

**Deutsch:**

Wohl kein Naturphänomen dieser Erde ist imposanter als der Grand Canyon. Er offenbart ungeahnte Einblicke in tiefe Canyons und Schluchten, die von der mächtigen Wasserkraft des Colorado Rivers in Millionen von Jahren in den Fels des Colorado-Plateaus geschliffen wurden. Seine Mannigfaltigkeit und Diversität relativiert jedes Gefühl für den Begriff Dimension. Jedes Jahr wird der Grand Canyon im US-Bundesstaat Arizona von mehr als fünf Millionen Menschen besucht. Der junge österreichische Komponist Thomas Asanger fasste seine persönlichen Eindrücke, die er im Dezember 2009 im Rahmen einer Amerika-Reise erlebte, in eine packende Komposition, die diese fesselnde Ausnahmevereinigung in all ihrer Vielfalt beschreibt.

**Français :**

Il n'y a pas de phénomène naturel plus imposant sur terre que le Grand Canyon. Il offre des vues sans pareil sur les profonds canyons et ravins qui ont été creusés par l'énorme force des eaux du Colorado durant plusieurs millions d'années dans les roches du Plateau du Colorado. La variété et la diversité rendent toute notion de dimension très relative. Chaque année, le Grand Canyon dans l'état de l'Arizona est visité par plus de cinq millions de touristes. Le jeune compositeur autrichien Thomas Asanger a essayé de mettre en musique ses propres impressions sur ce splendide et unique parc naturel après un voyage à travers les Etats-Unis en décembre 2009. Il en résulte une composition captivante.
